# SUM TRAN THANH

---

## PERSONAL INFORMATION

---

---

Name: SUM TRAN THANH  
Gender: Male  
Address: Thoi Tam Thon, Hoc Mon, TP. HCM  
Phone: 0906.009.101  
Email: thanhsum@gmail.com

## SUMMARY

---

---

Hi, My name's Sum, I'm a Web Developer with 6 months of experience in front-end development. I build websites and “make it awesome”.

I graduated at CyberSoft Academy. I have developed a project with Angular 6: Buy movie tickets online.

## OBJECTIVES

---

---

Get a new job in a professional environment. Take advantage of the knowledge and experience that I have to help the company grow.

The work on the Web Front End brought me a lot of fun, arousing passion in the work. I'm ready to learn new languages, new technologies to improve myself and meet the needs of work.

I know the company is looking for friends, reliable partners and I am ready to go along with the company on the upcoming long trips.

Furthermore, I want to become a developer with good skills, passionate to be a role model for everyone to follow.

## SKILLS

---

Languages:                      HTML5, CSS, JavaScript

Frameworks:                  Angular 6, Bootstrap, jQuery

## PROJECT

---

### **Project: Buy movie tickets online with Angular 6 framework**

(link to project: <http://sum-angular-project.firebaseio.com>)

Project Description: The project allows customers to book tickets with the following features:

- Sign-in feature to book tickets, register as new customers, must sign-in to booking tickets.
- On the home page, customers will see what movies are HOT, are in theaters as well as the movies will be shown in the coming time.
- Movie details page, this page displays the detailed content of the movie, the customer can see the description, trailers, poster of the movie want to see. And the schedule of each movie.
- The booking page will display the seat list, booking status of the seat, showing the choosing seat array and the total payment. After will show the successful booking announcement.
- Movie search feature.
- View book tickets history.
- If is Admin user, has more features
  - Movie Manager: Add, delete, edit movie.
  - User Manager: Add, edit, delete users.
  - The admin path protection feature, does not allow access to the admin path if not the admin user.

Skills learned through the project:
